WEB DEVELOPER

As a last-year Computer Science student at Sri Venkateswara College of Engineering and Technology, Chittoor, I possess a solid understanding of fundamental web development languages including **HTML, CSS, and JavaScript**. Additionally, I have honed my skills in **React.js** and have applied this knowledge to real-world projects. I am dedicated to staying informed on the latest trends and advancements in web development and thrive on facing new challenges that push me to enhance my skills. I am excited to bring my passion for web development to a professional setting and continue to develop my abilities as a developer.

TECHNICAL SKILLS

Languages	: JavaScript, Java, HTML, CSS
Frameworks	: Express.js, Node.js, Bootstrap, Material UI
Libraries	: React.js, Redux-Toolkit, React Router, React Native
Databases	: MongoDB, REST API, Firebase DB
Dev Tools	: Visual Studio Code, Git

EDUCATION

Sri Venkateswara College of Engineering and Technology <i>Bachelor of Science in Computer Science</i>	Chittoor, Andhra Pradesh <i>Jan 2020 – pursuing</i>
Gaya College <i>Intermediate in Science</i>	Gaya, Bihar <i>Mar 2017 – Mar 2019</i>

PROJECTS

User management App	<i>React.js, Firebase, Git</i>	Source Code
<ul style="list-style-type: none">Designed and developed a clean and modern website using HTML, CSS, and BootstrapDeveloped own REST API using Node.js, Express.js, MongoDBOptimized website for speed and user experienceUtilized responsive design to ensure compatibility across all devices		
ChatApp	<i>React.js, MongoDB, Git</i>	Source Code
<ul style="list-style-type: none">Designed a end-to-end encrypted ChatApp using HTML, CSS, and React.jsReal-time messaging app using WebSockets API (A protocol used for real-time communication between client and server)Responsive for Large and Medium size screen
